

### Applications

Municipalities

Snow removal

### Main features

V-Blade: clear a path through deep snow.

Straight Blade: pile large amounts of snow.

Scoop Blade: scoop, push or pile snow.

30° Left or Right Angle Blade: continuously push snow to either side of the loader.

Fingertip adjustments of V-blade's five configurations.

Multi-position frame allows blade to be raised or lowered to desired working height.

Domed, adjustable skid shoes and trip springs provide operator and component protection.

Optional rubber cutting edge kits available.

### Compatibility

| Description        | Item number | Compatible with loader                                                                                                         | Compatible with telescopic |
